

Name _____ Name _____

Name _____ Name _____

Nutrient Poster Project

Class Period _____ Points _____/40 _____

Name of Nutrient _____

Directions: Use the resources available to you (textbook, notes, information sheets) to create a poster of the nutrient assigned to you. Include all of the information listed below. Put your names on the **back** of your poster, please. Work **together** to accomplish this task, making sure each person is involved.

Rubric: Please evaluate yourselves using PENCIL, circling the number you think your project has earned. Your teacher will do the same using ink. Discuss this process, please!

Definition/Details/Types	5	4	3	2	1	0
What it does for us	5	4	3	2	1	0
Food/Drinks that have it	5	4	3	2	1	0
Deficiency Disease	5	4	3	2	1	0
